

It happens increasingly, that the emails has been replaced by malware or criminal organizations. **Digital Signature** of email is a proof of originality and prevents tampering by making sure that the received message is from Calmet Sp. z o.o., not from fraud, and that the message was not altered in transit.

To learn how to verify a digital signature, please select your mail client:

Contents

- MS Outlook 2007, 2010, 2013, 2017
- Mozilla Thunderbird
- RitLabs The Bat!
- Google Mail
- Apple Mail
- Other email client

MS Outlook 2007, 2010, 2013, 2017

- Open the Message and look at the header

- Verify 3 points:
 - a) From: mail@calmet.com.pl
 - b) Signed by: mail@calmet.com.pl
 - c) is marked:  or 

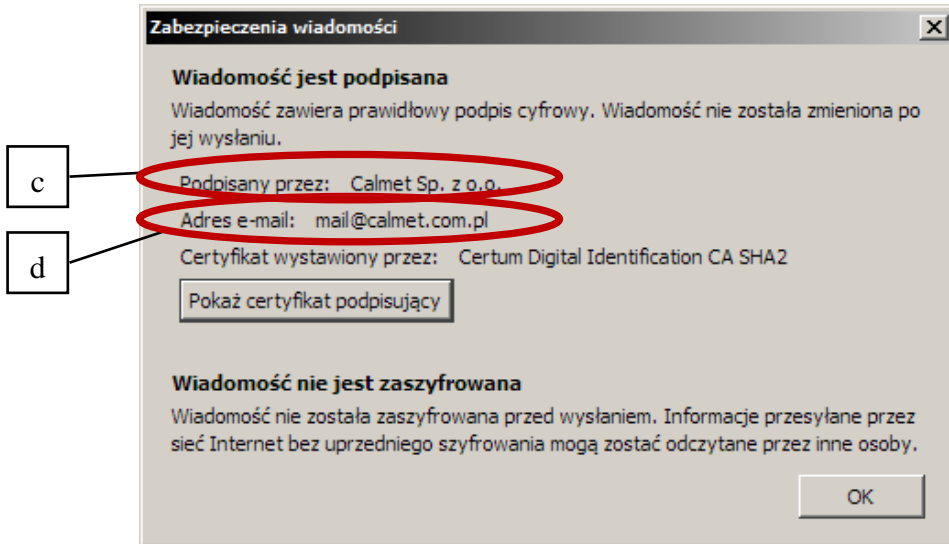

If any of these points (a, b or c) looks different then it means, that email is not sent by Calmet Sp. z o.o. or was altered in transit.

Mozilla Thunderbird

- Open the Message and look at the header

- Verify 2 points:
 - a) From: mail@calmet.com.pl
 - b) is marked: 
- Press at the mark  (b) button and verify 2 additional points:

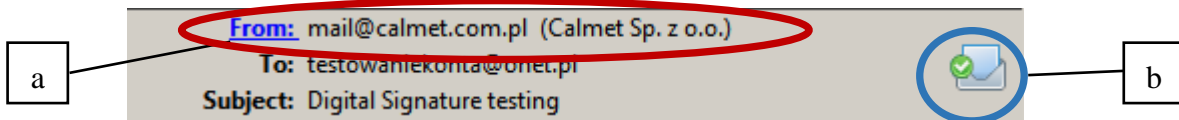

c) Signed by: Calmet Sp. z o.o.

d) Email address: mail@calmet.com.pl

If any of these points (a, b, c or d) looks different then it means, that email is not sent by Calmet Sp. z o.o. or was altered in transit.

RitLabs The Bat!

- Open the Message and look at the header

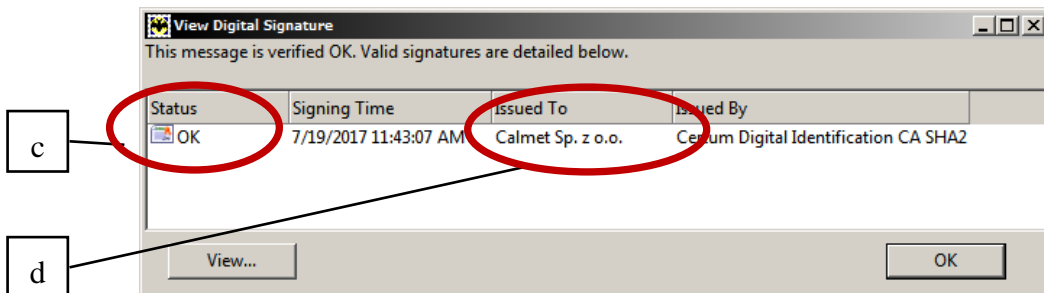

- Verify 2 points:

a) From: mail@calmet.com.pl

b) is marked: 

- Press at the mark  (b) button and verify 2 additional points:

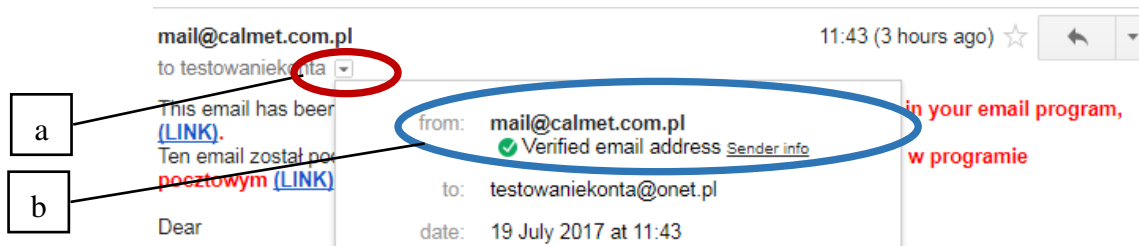

c) Status: OK

d) Signed by: Calmet Sp. z o.o.

If any of these points (a, b, c or d) looks different then it means, that email is not sent by Calmet Sp. z o.o. or was altered in transit.

Google Mail

- Open the Message and at the header press  button (a)

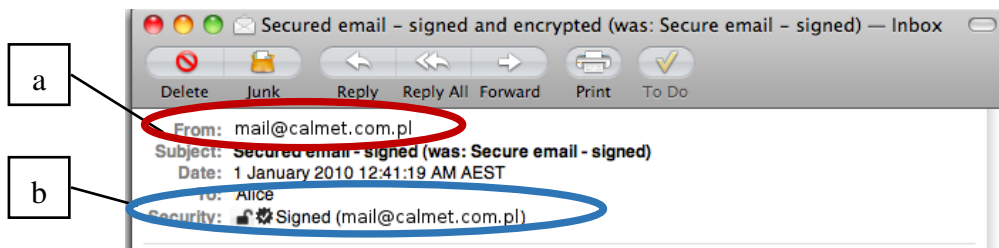

- Verify 1 point:
 - b) From: mail@calmet.com.pl with  Verified email address

If this point (b) looks different then it means, that email is not sent by Calmet Sp. z o.o. or was altered in transit.

Apple Mail

- Open the Message and look at the header

- Verify 3 points:
 - a) From: mail@calmet.com.pl
 - b) Security:   Signed (mail@calmet.com.pl)

If any of these points (a or b) looks different then it means, that email is not sent by Calmet Sp. z o.o. or was altered in transit.

Other email client

Please look at the user manual of a mail client and find how to validate Digital Signature of received mail.
